

Jacksonville High School Chess Club

Join Us Wednesdays in Rm 909

“Check This”

Chess is the most popular board game in the world and is recognized as a game of intelligence, courtesy, skill, and strategy. Playing Chess produces both right and left brain thought processes, allowing minds to flow strategically across the checkered landscape. Many chess studies worldwide have suggested that students who actively participate in chess show improved critical thinking skills, memory, and organizational abilities.

JHS chess club’s primary goals will be to provide a well structured program for students to have fun playing chess while developing all the basic skills required to be a strong chess player.

Some of the things your child will learn are the development of their opening game, middle game, and end game. Each time our club meets, we will also focus on chess rules, tactics, and strategies for helping to instill the basics they need to be solid chess players. Our league competition starts in the beginning of March.

Chess Club Days: **Wednesdays** after school **3:00-4:00** in room **909**

Requirements:

- All students are welcome / Snacks will be provided
- Good Attitude, Concentration, Respect, and willingness to learn.
- Having fun playing chess with fellow students.

Looking forward to meeting everyone soon,

Sponsor: **Saamil Thakkar, School Counselor**
